School of Business

Programme Guide 2021

Course of study and programme specific completion requirements.

This programme guide (PG5) provides you with specific information and course summaries for the programmes offered in Business Administration. The guide (PG5) and latest version of the timetables are available online <https://www.manukau.ac.nz/business-info>

For the New Zealand Certificate in Foundation Skills (Level 2) and New Zealand Certificate in Business (Administration & Technology) (Level 3), while your classes will be timetabled into computer labs where needed, you may find it useful to bring your own laptop. For the New Zealand Certificate in Business (Administration & Technology) (Level 4) and New Zealand Certificate in Business (Accounting Support Services) (Level 4) we recommend you bring your own laptop. Please see page 8 for the recommended minimum specifications.

Students must complete the following:

181.221 Workplace Readiness (Communication in Practice)

141.212 Financial Toolkit (Mathematics in Practice)

105.235 Industry Cadetship Project (Pathway Projects)

ABOUT THE PROGRAMME

Get the confidence to know you have the all-round skills to make a great start to your higher education journey and a career in digital technologies, business, business administration or tourism.

Through a series of interesting group projects you'll get training on how to use the internet and other technology, as well as reading, writing, maths and other learning and study skills.

Graduates who successfully complete this programme can pathway into the New Zealand Certificate in Business (Administration and Technology) (Level 3).

Students must complete the following:

- ..Workplace Readiness (Communication in Practice)
- ..Financial Toolkit (Mathematics in Practice)
- ..Industry Cadetship Project focused around Customer Service, Digital Technologies, Financial and Tourism

Industry Cadetship Projects

Customer Service

It's all about people so develop your personal communication and people skills through the use of digital technologies and tools that will help prepare you for further study or career options related to the Customer Service industry. You will strengthen your skills while working on a career focused project as an Industry Cadet - Customer Service Representative.

Digital Technologies

It's all about IT so develop and strengthen your use of digital technologies and tools to help prepare you for further study or career options related to the Digital Technologies industry. You will strengthen your skills while working on a career focussed project as an Industry Cadet – Digital Technologies Support.

Financial Administration

It's all about understanding numbers so develop and strengthen your personal financial toolkit by building on your budgeting skills and everyday financial transactions within a business, through the use of digital technologies and tools that will help prepare you for further study or career options related to Financial Administration. You will strengthen your skills while working on a career focussed project as an Industry Cadet - Financial Administrator.

Tourism

It's all about Tamaki Makaurau, Auckland as a tourist destination so develop your knowledge of the City of Sales through the use of digital technologies and tools, that will help prepare you for further study or career options related to the Tourism industry. You will strengthen your skills while working on a career focussed project as an Industry Cadet – Tourism Visitor Support.

ENTRY REQUIREMENTS

Open entry for Domestic students

There are no academic requirements that need to be met to enter this programme.

International students: English Language Entry Requirements

For the minimum English language requirements refer to the requirements set out in the *NZQF Programme and Accreditation Rules*

<https://www.nzqa.govt.nz/providers-partners/qa-system-for-teos/english-international-students/>

Provisional Entry

Students who have attained the age of 20 years and do not hold the minimum entry requirements for a programme will be eligible to be enrolled as a student where their previous educational, work or life experience indicates they have a reasonable likelihood of success. Students who have not attained the age of 20 years and do not hold the required minimum entry requirements for a programme may also be eligible to enrol in exceptional circumstances. Such decisions will be made by the Director/Head of School.

International students

Test your English level to help you plan.

Take our free online English test to get a basic indication of your English level. This will help you understand what programmes you can apply for and what preparation you may require before you start your programme of study.

Applicants will be accepted in order of application.

NEW ZEALAND CERTIFICATE IN BUSINESS (ADMINISTRATION AND TECHNOLOGY)

LEVEL 3 NZ2452

Method of study	Full-time or part-time
Qualification	New Zealand Certificate
Duration	19 weeks (includes 3 weeks break)
Start dates	February, May, July and October
Credits	60
Cost (2021 Fees)	Click here to see a list of domestic course fees

Students must complete the following:

189.308	Customer Engagement
189.309	Industry Readiness
183.315	Business Operations Essentials
183.316	Financial Processing Essentials

ABOUT THE PROGRAMME

Whatever the industry, all businesses need qualified and professional administration and support staff.

Build up your business administration and computing skills to enable you to confidently assist with office operations and business services. Study options develop basic accounting skills, and learn to use tables and formulas, and produce business documents and publications.

This programme will help you develop basic accounting skills, including table and formula use, as well as business document and publication production. You'll learn how to use mobile and digital technology systems and software in order to meet organisational requirements.

Plus, this certificate will also develop your understanding of office functions, financial transactions and documentation, as well as customer service.

You will be trained in the business hub which provides a simulated business environment to prepare you for the workforce.
